# KNM180

## STANDARD METAL CART

Commonly used in drug stores and dollar stores, this medium size metal cart reduces store congestion. Its tall frame allows ease of loading and unloading and increases space in lower tray.

**Double-Rim Wire Construction** eliminates sharp edges at all touch-points around the basket while adding rigidity and strength.

**Forever Secure** gate design ensures the gate assembly that holds the child can never fall off, or out of the cart.

**Gravity-Drop Seat Frame** ensures a smooth and effortless closing of the child seat when the gate closes, significantly reducing the chances of seat belts and components getting tangled in the operation.
