STANDARD METAL CART

Medium sized metal cart features a narrow design allowing for ease of use and the ability to navigate tight spaces.

The cart's high frame increases shopper comfort and ease of loading and unloading.

Double-Rim Wire Construction eliminates sharp edges at all touch-points around the basket while adding rigidity and strength.

Welded Lower Tray means less maintenance, less rusting and quieter cart operation in store.

Forever Secure gate design ensures the gate assembly that holds the child can never fall off, or out of the cart.

Gravity-Drop Seat Frame ensures a smooth and effortless closing of the child seat when the gate closes, significantly reducing the chances of seat belts and components getting tangled in the operation.

**Photo shown includes optional Corner Bumpers*
