## TWO TOTE DOLLY

For use in dotcom operations to transport plastic totes from staging areas to field trucks or curbside pickup. Holds two stacks of totes – up to 10 totes in total.

Locking casters hold cart in place on uneven surfaces or while loading/unloading.

Removable handle and stackable design allows dollies to be stacked in order to conserve space.

### DIMENSIONS:

- 33" L x 22" W x 12" T
- 10" stacking height
- 40.5" installed handle height

\* Dolly only. Part number does not include handle.
