THREE TOTE DOLLY

For use in dotcom operations to transport plastic totes from staging areas to field trucks or curbside pickup. Holds three stacks of totes—up to 15 totes in total.

Locking casters hold cart in place on uneven surfaces or while loading/unloading. Can be utilized on shopper carts or mass transit dolly systems.

Removable handle and stackable design allows dollies to be stacked in order to conserve space.

*Part Number is for Dolly only—does not include handle.

DIMENSIONS:

- 43" L x 22" W x 12" T
- 10" stacking spacing
- 40.5" installed handle height
