KNS1660USBF

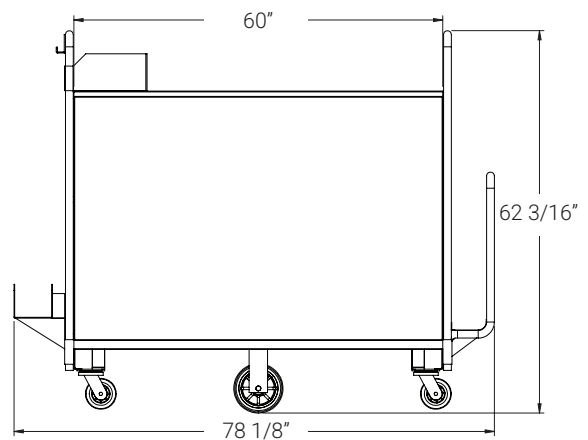

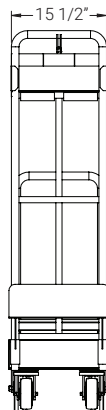

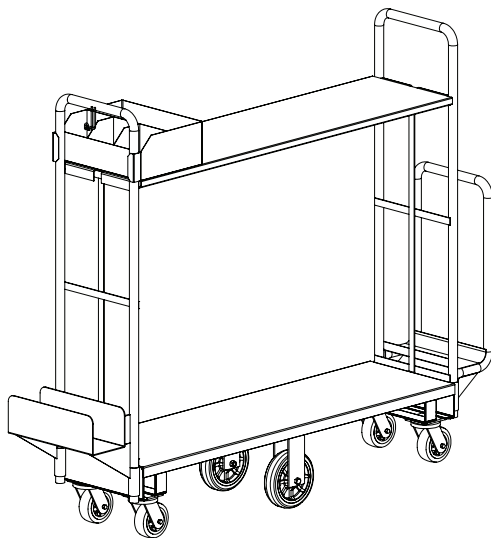

U-BOAT WITH INTEGRATED ACCESSORIES

This 60" U-boat is proudly made in the USA and purpose-built for retail environments where efficiency, durability, and organization matter. Engineered for smooth handling and daily use, it combines rugged construction with smart accessories that streamline stocking and unloading. Integrated waste control, secure supply storage, and added utility attachments help teams move faster while keeping sales floors clean and organized. A durable powder coat finish ensures long-lasting performance in demanding retail settings.

FEATURES:

- 60" U-boat optimized for retail stocking and material handling
- Made in the USA for consistent quality, lower freight costs, and faster delivery
- Smooth-rolling design for easy maneuverability
- Durable powder coat finish for long-term protection and a clean, professional appearance
