

# U-BOAT

## STANDARD & HEAVY-DUTY

This versatile utility cart is available in Standard and Heavy Duty and is made in the U.S.A.

Considered an essential across a range of industries, high-quality U-boats allow for efficient material handling and improved productivity. With narrow 16" decks and six wheels, they maneuver with ease in tight spaces or aisles.

### FEATURES:

- Made in the U.S.A.
- Thicker gauge tubing handles resist bending when under heavy loads or when pulling loads over thresholds.
- Maneuvers easily, supported by six high-quality P&H poly wheels and casters manufactured in the U.S.A.
- Wheels are non-marking and maintenance-free with a 5-year life expectancy.
- No lubrication is required.
- Thicker gauge decking for added strength.
- Available in multiple colors allowing customers to specify different colors for different departments.
