WIRE DUMP BINS WITH ADJUSTABLE SHELVES

This adjustable Dump Bin is an excellent tool to drive impulse sales. Carrying extra inventory to keep sales items looking full is not necessary—simply raise the elevation of the shelves as items sell down.

Sale items displayed in dump bins give your customer the perception of being a “value.” Heavy-duty steel construction is built to last for many years of maintenance-free sales. Includes adjustable shelves & (2) wire divider.

PRODUCT SPECIFICATIONS:
