STEEL WIRE FLAT RACK

This heavy-duty Steel Wire Flat Rack provides a versatile and robust solution to replace existing or worn OEM wire shelving. Save time and money—no need to survey stores to confirm case make and model. The universal multi-hole design ensures a perfect fit.

Flat rack shelves ensure OEM airflow is maintained and are available in your choice of black or white powder coat. They can also be used as a base rack with additional racks to build a larger, more extensive display.

Applications:

Ideal for deli, dairy, produce, meat, and freezer cases, providing efficient organization and display of products that require reliable and adaptable display solutions.

FEATURES:

Width: 23 ¹¹/₁₆

Adjustable Depth: 29 ¹/₄ to 37 ⁷/₈ in

Colors Available: Black and White

Compatibility: Designed for use with a wide range of refrigeration and freezer cases including the Hillphoenix O2MZD8.

Installation: Uses “h” clips or pins to mount in the case. No tools required.
